

Holly + Darik

Hello

Thank you for taking the time to get to know us. We're excited for you to learn more about us and grateful to become adoptive parents. We admire your compassion for your child and your courage to consider adoption.

We have always known we wanted children and after years of challenges with infertility we knew adoption was our answer. We are thrilled to adopt and cannot wait to love on a precious little one.

Our promise to you is that we will provide your child with a loving, nurturing, fun family and life. We look forward to getting to know more about you as you learn about us.

God Bless,

Holly + Darik

HI I'M *Holly*

I grew up in a small town, Marysville, which is north of Seattle, Washington. It is known for its strawberries and I have many childhood memories picking strawberries in the fields. I have one little sister who is my best friend (besides Darik). My sister and I were raised by our mom who was a hard working single parent.

In my spare time I enjoy coffee shops, decorating our home esp during the holidays, cooking for friends and family and hosting football parties.

I am very carefree and welcoming to everyone. I have been told I have a contagious laugh and always have a sincere smile. I have a very strong loving heart for others as well as myself and I am excited to share my love with a child.

HI I'M *Darik*

I am the 2nd oldest of 4. I have 2 sisters and 1 brother and we grew up east of Seattle in a small apartment with my dad and mom. My siblings and I were always playing outside with the neighborhood kids. One of my favorite memories was learning to play the guitar with my grandfather as well as helping my dad do maintenance around the apartment complex.

I enjoy spending time with Holly and our close friends and family. Camping, house projects and football season are a few things I enjoy.

My personality is kind, patient and loyal. I love unconditionally and look forward to raising a child with my wife.

Our Friends and Family

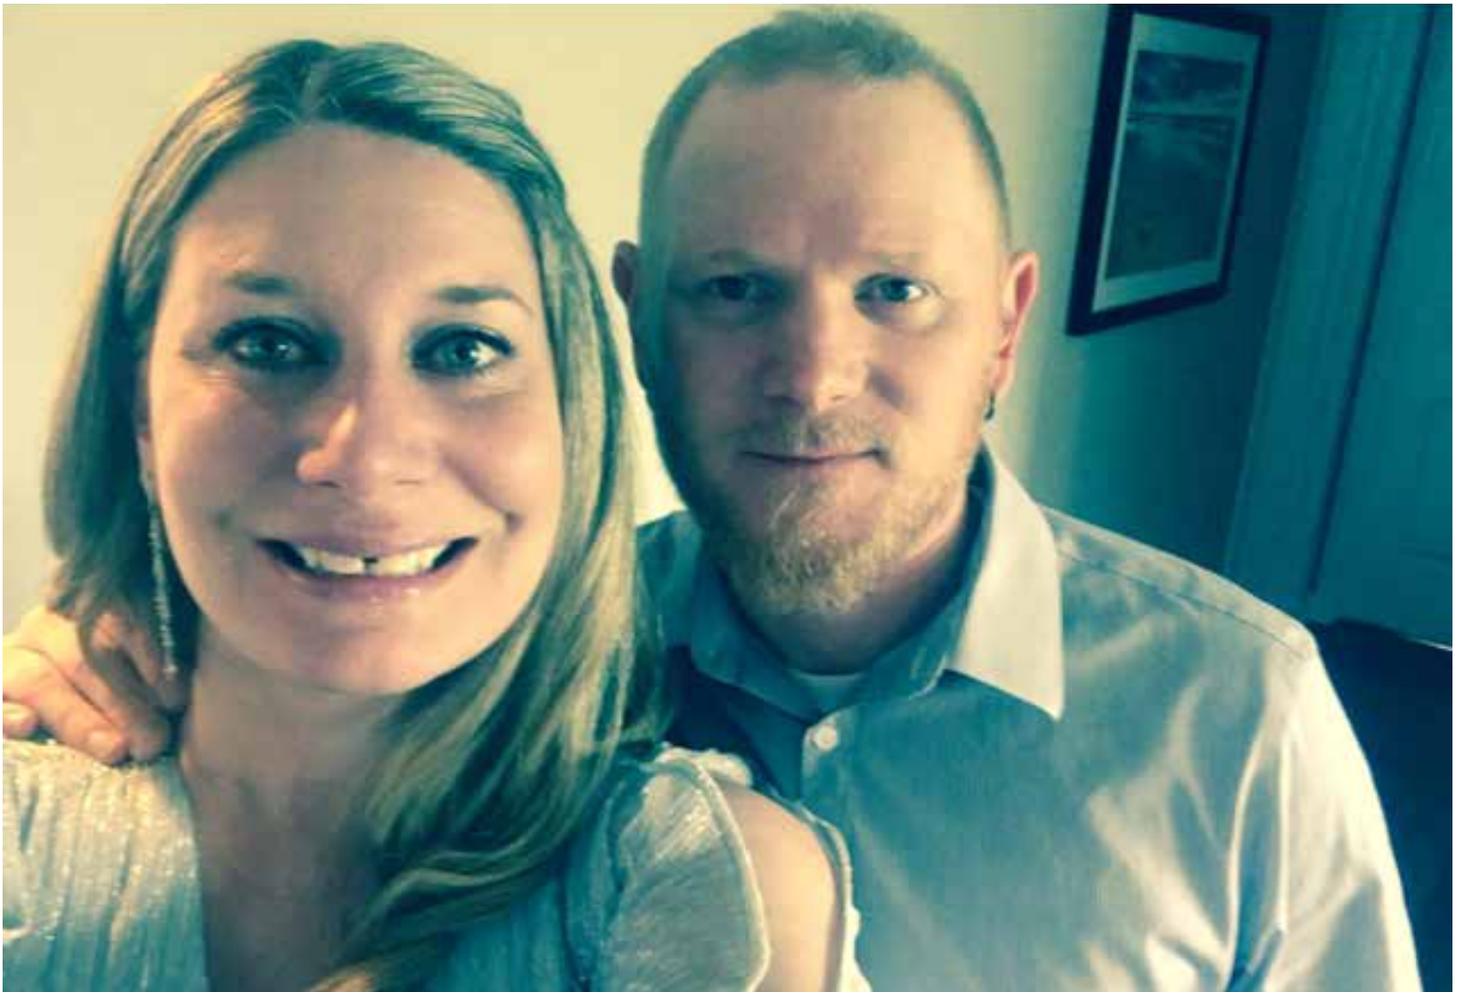

Our Home

We live in Lake Stevens, Washington where we get to experience every season. We live a block from the lake, have summer night bonfires and live in a cul de sac where the neighborhood kids ride bikes and play basketball. Our home has 4 bedrooms and plenty of room for family get togethers. We enjoy decorating for the holidays and driving through our neighborhood to look at Christmas lights. Our small community is rated one of the best school districts in Washington State. There are many parks and bike trails minutes from our house to enjoy. We cannot wait to make more memories as a family in our home.

Our Promise

More than anything we want you to know that we will love your child unconditionally and will nurture them to grow up to be the best person they can be. We promise to provide your child a stable, loving home full of laughter and support.

We will raise this child to have the understanding and appreciation for your love and sacrifice. This child will be loved beyond words by us, by our families and by our friends and they will always know the love you have for them as well.

Thank you again for considering us, and know you are in our thoughts and prayers.
