ADOPTION PROFILE

Dear Birth Mother

Brave, selfless, thoughtful, and beautiful are just a few words that come to mind when we think of you. However you have found yourself in this circumstance, please know from the bottom of our hearts, how grateful we are for you! Thank you for your bravery in this difficult time. Thank you for selflessly choosing this path for your baby. Thank you for considering our family to be a part of your journey and care for your baby.

We will honor them, you, and this journey that permanently connects us all.

We promise to protect your child, provide for them in all ways, and support them unconditionally. We promise to raise them in a strong, healthy, and loving family unit.

With love from

Tim & Heather

Our Story

We met for the first in 2017 and each felt there was something special about this new person in our lives. We discovered quickly we had many things in common, including a love of travel, food, music, and much much more! Getting to know each other was unlike any experience we had before, which made it clear that we wanted to spend the rest of our lives together.

We planned a weekend trip to the mountains of Colorado where Tim surprised Heather with a ring while hiking high in the mountains. We had a wedding filled with love from our families and friends. We bought a house in Colorado Springs with hopes of adding a new baby to our family.

Meet Heather

She is creative and ambitious, very loving and loves to laugh. Growing up in rural Missouri with parents and siblings that enjoy the outdoors, she grew to love nature and outdoor activities. She has enjoyed growing as a person and learning different cultures as she has traveled quite a bit in the US and Europe. She cannot wait for her next adventure into motherhood.

Heather really enjoys her career as a cosmetologist. She has been doing this for 13 years and has owned her own business for 5 of those. What she enjoys most about it is being creative, making people feel beautiful and getting to know and build relationships with her clients.

When I think of Heather, I think of how caring and loving she is. She goes above and beyond to create meaningful and lifelong memories and experiences for our family. Her true strength is knowing what she wants in life, and then going after it. She brings warmth and generosity to everyone in her life, and I am truly blessed to have her in mine.

Meet Tim

Tim has a special place in his heart for learning and seeing the world. A native of Virginia, Tim has lived all around the country - and even the world - but has made Colorado his home for the past 8 years. Tim works for a large Telecommunications company that affords him the benefit of working remotely from home. He loves the extra time he gets to spend with his family since he spends most of his days at home.

Before working in Telecommunications, Tim worked as a teacher for 10 years teaching high school math. He has a special place in his heart for bringing out the best in young people. He is the father of two amazing children - Amanda (16) and Callen (10) - who he loves and admires. He is excited to bring all the love and commitment to the newest member of the family when they come.

Heather said

Tim has been the most amazing partner. He shows me every day that he cares and loves our family. He is always keeping us laughing with his singing and jokes, he cooks and loves on our animals. He is very caring and affectionate, smart and driven. He is the best father to our kids and really cares about their education.

Why are we adopting?

We knew early in our relationship that we wanted to grow our family and have a child. Unfortunately, years of effort through countless doctor's appointments, IVF treatments, and heartache has led us to know that having our own child naturally would not be possible.

Adoption was something we talked about early on as it is something in both our lives; Tim's Aunt was adopted and Heather's best friend was adopted. We have also seen the excitement and love adoption has brought to other families, which made it all the more exciting for us to embark on this experience.

Meet The Kids

AMANDA AND CALLEN

We really love our family time and creating long lasting family memories together. Amanda and Callen live in Oregon with their mother, and come and visit us regularly throughout the year. We love planning out fun trips to do with them, including going to a lake house in the summer and going on sleigh rides up in the mountains at Christmas time. Amanda and Callen would make great older siblings as they are both incredibly caring and loving.

AMANDA, AGE 16

Amanda is a thoughtful and hard working young woman living her best high school life. She performs with her schools marching band and loves to draw. She dreams of going to college after high school and to travel the world one day.

CALLEN, AGE 10

Callen is a very smart and sweet boy who loves his friends and going on adventures. He loves anything to do with video games and sports and says one day he wants to own his own business.

Meet Our Animals

We love all our fur babies! We enjoy taking the dogs on long hikes and walks, playing fetch and cuddling. They make our house feel like a home.

Stewie is the newest member of our family. He is the perfect fit for our lives as he loves to play as well as snuggle up with us. He is very sociable and keeps us laughing with his playful antics.

STEWIE. 8 MONTHS

PENNY, AGE 8

Penny is a very playful Australian Shepard/Poodle mix. She's very patient with children and is always looking for a new play companion. Tim adopted Penny when she was just a puppy and they are still best of friends!

DAISY, AGE 13

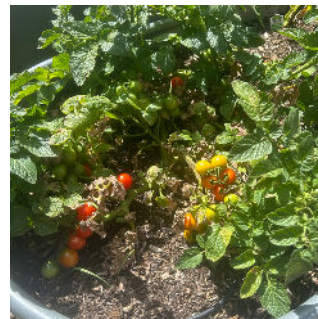

Daisy is the perfect lap dog! She loves to cuddle up to stay warm and to sleep the day away. She is very gentle with children and makes quick friends with all around her. Heather adopted Daisy when she was just a puppy and has been her constant companion since.

Our Home

COLORADO SPRINGS, CO

We purchased our new home earlier this year in northern Colorado Springs, CO. We chose this home because we loved the family-friendly neighborhood and the great school district.

Some of our favorite things about the home is the large deck for entertaining friends and barbecuing throughout the summer months, the garden space where we grow tomatoes and herbs, and the kitchen where we love baking and cooking for each other.

We love spending time by the fireplace in the colder months watching movies as a family and decorating the entire home for Christmas. We also really enjoy working on home projects together, including designing and installing a new bathroom and kitchen.

Our Community

Colorado Springs is consistently ranked as one of the best cities to live in the United States. The area provides many opportunities for family adventures, including hikes, trails for biking, festivals, parades, and much more.

We have multiple local parks within easy walking distance of our home where we take the kids and dogs to go and play.

We live around some of the best schools in the city that are all within close proximity to our home. Our neighborhood is home to many young families with children that will make for perfect playmates!

Our Hobbies

HEATHER ENJOYS...

pretty much anything to do with the water. She loves boating, tubing, kayaking, water skiing or even just taking in the lake views. She enjoys taking care of her plants and animals, cooking and trying new restaurants. Traveling is at the top of her list. Some of her favorite spots include Charleston, SC, Ireland and Berlin.

TIM ENJOYS...

everything about music. He plays the guitar and the drums and wishes he could sing (even though he really can't). He loves sports, both playing and watching and has coached girls volleyball and boys basketball for many years. He loves to cook and bake with Heather at his side and especially loves to eat their creations.

Meet Heather's Family

HEATHER'S MOM & DAD

Heather's parents are both extremely loving and caring grandparents. They love to spend time with their children (5 of us) and all 10 grandchildren. They enjoy going to the kids sporting events and birthday parties, holidays or just stopping by on the weekends. Heather is very close to each of them and shares a special bond.

HEATHER'S SIBLINGS

Heather is extremely blessed to have 4 siblings. Three older brothers and a younger sister. They are constantly making her laugh with their jokes and easily reminding her how much they care about her.

HEATHER'S NIECES AND NEPHEWS

Heather has 11 Nieces and nephews. It has been such a pleasure to be apart of their lives. As Heather is much younger than her older brothers, when they started to have children, and the love and affection she has for them, is when she realized she wanted to be a mother.

Meet Tim's Family

TIM'S MOM & DAD

Tim's parents live in Florida, but remain close to their family wherever they live in the country. They are the grandparents to 5 incredible grandchildren and are excited about the addition of a new member to the family. Like Tim, Tim's parents were both educators in their professional lives and love to inspire learning in their children and grandchildren.

TIM'S SISTER, AND HER FAMILY

Stephanie - Tim's only sibling - lives in the Atlanta, GA area with her husband and three beautiful children. Stephanie now stays home with her children, but up until recently she worked as a teacher just like the other members of her family. Her husband is a college professor, keeping the teacher tradition alive in the family.

FAMILY FIRST!

Even though Tim's family finds themselves spread out across the country, they find ways to come together as a family often. It has been an incredible blessing seeing Tim's parents become grandparents to his children and to his niece and nephews.

One Final Note

Thank you for taking the time to consider us and to get to know us. We hope the little glimpse into our lives was memorable. Our desire is that it helps you to know us better and gives you an understanding of who we are and the love we have to give. We promise we will always honor you in action and deed. We will speak highly of the honorable decision you are making by considering adoption. We hope that you'll always remember you are worthy of the world, and we hope you find peace in all of the decisions you make.

If you do choose us, please know we promise to love your child unconditionally and eternally. We will embrace them with open arms and promise to provide a safe and loving environment for all of their days. They will know their birth story and how much you love and care for them. We will strive to assure that you always have a place in their life

With Love,

Tim & Heather
